

## Why to Buy

- Protect all the servers and all the user computers in your company **REAL-TIME**
- Never have any data waiting for backup
- Single click **rapid recovery** to save your time
- Supports running **databases, MS-Exchange** etc
- **Plug-n-Play**, 5-minute setup and allows multiple machines to be connected
- Very **cost effective**

## Optional Services

### Professional Yearly service

For \$25/month, or \$250/year you get unlimited phone support, free bug fixes and free related product upgrades.

### Offsite Storage

Agglut provides the option of signing up for offsite storage. Agglut would back up the encrypted data from CS-640 periodically to its secured data center.
